

INNOVATING SAFETY

WITHOUT COMPROMISING ENERGY EFFICIENCY

Peveeta offers a comprehensive line of "Energy Efficient" fire rated windows. We are the largest manufacturer in our field. Various glazing options are available that can be modified to address applications such as:

- ▶ Thermal Performance
- ▶ Class II Impact Resistance
- ▶ Sound Transmission
- ▶ Ballistics

CASEMENT WINDOW

Casement Windows: Available in single, double, triple, or quadruple shutter options, with an optional mesh for added safety and airflow. These windows blend practicality with elegant design.

FIXED WINDOW

Perfect for spaces where natural light and clear views matter, these windows offer lasting durability and require minimal maintenance.

VENTILATOR

Designed to enhance airflow, our ventilators keep residential spaces comfortable and well-ventilated.
